OUR VISION

Youth who suffer trauma
can become our future leaders.

DEAR STAKEHOLDERS, DONORS AND FRIENDS,

As we reflect on the past year and chart our course for the future, we are pleased to present this year's annual report themed, "Ready, Set, Grow!" This theme not only captures the spirit of our collective efforts but also sets the stage for the exciting journey ahead.

This year has been a remarkable one for UCAN, characterized by significant growth and resilience. Our team has expanded impressively, growing to nearly 600 dedicated staff members. This increase in our workforce is a testament to our commitment to extending the reach and enhancing the effectiveness of our programs. We have also broadened our program offerings, responding adeptly to the evolving needs of the communities we serve.

We continue to navigate this time of unique opportunities to innovate and strengthen our resolve. As we supported our communities through these trying times, we adapted to new work styles and welcomed new leadership. These changes have been instrumental in reinvigorating our organization and enhancing our operational capabilities.

Looking forward, UCAN is poised to enter a phase of strategic planning that will define our trajectory for the next five years. Our focus will be on scaling the impact of our high-quality programs to reach more people in more places. Our strategic planning sessions are designed to harness the insights, experience and energy of our entire team, ensuring that we are not only prepared but also proactive in our growth strategy.

We are gearing up to expand our footprint and influence and deliver measurable improvements in the lives of those we serve. This strategy will require continued dedication, innovation, and collaboration from all corners of our organization.

We are profoundly grateful to each member of the UCAN team for their hard work and commitment. We also extend our heartfelt thanks to our partners, donors, and all stakeholders for your unwavering support and belief in our mission. Together, we are setting the foundations for a future that promises greater growth, impact, and success.

Thank you for being part of our journey. Let's continue to be ready, set for growth, and poised to make a meaningful difference in the world.

Thank you,

Lourdes Gonzalez

- Increased extracurricular activities, from sports to community service, promote student interaction and a well-rounded education.
- Focus on dietary health includes revised menu plans and regular nutritional audits to support students' physical and cognitive development.
- Comprehensive staff training in Therapeutic Crisis Intervention (TCI) and Think Trauma equips teachers to address student challenges effectively, ensuring a supportive learning environment.

UCAN AS A CONVENER

With its inclusive approach and commitment to community organizing, UCAN plays a crucial role in Chicago's social justice landscape. UCAN regularly brings together diverse stakeholders—elected officials, activists, community leaders, policymakers, and business owners—to tackle pressing issues like affordable housing, community violence intervention, workforce development, and youth development. By uniting individuals and organizations in pursuit of a more just and equitable society, UCAN showcases the power of collective action in creating positive change.

NORTH LAWNSDALE ATHLETIC & RECREATION ASSOCIATION (NLARA)

The NLARA emerged from the North Lawndale community's shared vision to create a safer environment for youth through equitable sports and recreation opportunities. Committed to diverse opportunities, NLARA ensures participation in safe and nurturing sports and recreational activities.

- UCAN, as the fiscal agent for NLARA, manages grant disbursements and operations in collaboration with partners like the North Lawndale Community Coordinating Council, Old St. Patrick's Church, and Play Like a Champion Today.
- NLARA, founded in April 2017, believes in early engagement to combat negative influences and support youth towards a healthy and productive life.

MY CHI MY FUTURE (MCMF): ANCHORING COMMUNITY ORGANIZATIONS

The Chicago Department of Family and Support Services provides funding to community-based organizations experienced in convening, planning, and youth development to execute the mission and vision of My CHI. My Future. (MCMF). UCAN serves as the primary anchor convener for the North Lawndale hub.

- In North Lawndale, UCAN engages with 20 stakeholders monthly—including religious leaders, educators, and business owners—to create a community plan based on a needs assessment. Youth participation and feedback are integral to these meetings.
- UCAN commits to implementing multiple events throughout the year, exposing youth to cultural, educational, and recreational activities. These events are vital for developing community plans through resident surveys.
